Quick Gyro CARE

The service agreements part of Quick Group Suite of Services

YOU ARE COVERED

Protect your products with CARE-agreements, the ultimate service plan designed to keep your Quick Group products operating at peak performance.

Ultimate Peace of Mind

The Extended Coverage removes the stress of unplanned repair costs, offering protection for your gyro, its electronics, and MC² Remote Control.

Certified Expertise

All services are performed by certified technicians, ensuring your equipment meets the highest standards of reliability and performance.

Enhanced Resale Value

A transferable service contract increases your vessel's value, giving future buyers confidence in its quality and maintenance history.

Tailored to Your Needs

Multiple plans allow coverage to be extended up to five years, letting you customize the protection based on your boat's usage and your ownership goals.

Coverage options

Quick Gyro, backed by the Quick Gyro CARE Agreements, represents more than a product – it's a commitment to quality, performance, and customer satisfaction. You're not just investing in cutting-edge stabilization technology; you're also securing a superior ownership experience with benefits that extend far into the future.
